Death of Michael Fitzgerald.

Michael Fitzgerald, a brother of Policeman Fitzgerald of the sixth precinct, died yesterday at his residence, 532 23d street. He was fifty years of age, and for over forty-five years was a resident of this city. He had been an employe of the Treasury Department for more than twelve years. He leaves a widow and four daughters. The funeral will be held tomorrow morning at 10 o'clock.

A Railroad Agreement.

An agreement between the Baltimore and Ohio and Maryland and Washington railroad companies was filed in the recorder of deeds' office yesterday by which the former grants to the latter the right to construct and maintain an electric railway thirty feet wide along the center line of Rhode Island avenue, across the right of way of the Metro-politan branch. On the other hand, the Maryland and Washington company agrees to construct and maintain a bridge or over-head crossing for the use of the three tracks of the Metropolitan branch over the right of way.

DISTRICT EPWORTH LEAGUE. Its Officers Installed at Hamline M. E. Church Last Night.

Hamline M. E. Church, corner of 9th and P streets, was prettily decorated last evening upon the occasion of the annual meeting of the District Epworth League and the installation of officers. Cedar ropes were draped from the center of the edifice to the four corners, and palms and evergreens were tastefully arranged on the platform and surrounding the pulpit. And the leaguers were out in force to start the year well and give encouragement to the

new officers of the District organization. An organ voluntary by Otis D. Swett was followed by congregational singing and devotional exercises, conducted by Rev. L. T. Widerman, D.D. Dr. Luther B. Wilson presided at the installation of the officers. An address was to have been delivered by Representative James E. Watson, ex-president of the Indiana State Enverth Leggue dent of the Indiana State Epworth League, but he was unexpectedly and suddenly called to his Indiana home, and his letter

of regret was read.

A brief statement of the league's financial condition was made, followed by some remarks by Dr. Wilson, in which he spoke of the good work which had been accomplished by the organization. He then began the ceremonies of installation, and bestowed the presidency on William B. Mat-thews, who accepted the office, greeting the members and thanking them for the honor, and urging them to renewed fidelity Other officers installed were: First vice

president, Rev. Thomas J. Clark; second vice president, Mrs. M. M. Mitchell; third vice president, Mrs. E. S. Moulton; fourth vice president, William J. Palmer; recording secretary. vice president, William J. Palmer; recording secretary, Frank T. Israel; corresponding secretary, George S. Gibson; treasurer, E. G. H. Austin; superintendent Junior League, Miss Estelle Crump.

A red and gold banner was presented to the Bethesda Senior Chapter for the greatest proportionate increase in membership during the past year, President Matthews making the presentation, while the junior during the past year, President Matthews making the presentation, while the junior banner was awarded to the North Capitol Chapter, Rev. William H. B. Leech, superintendent Junior League, fourth general conference district, delivering the address. Solos by J. Walter Humphrey and Miss Ida O'Neal were enjoyed by the congregation. After the close of the formal meeting the new officers were tendered a reception in the Sunday school room.

FIRE UNDERWRITERS.

Annual Meeting of the District Association and Election of Officers. At the annual meeting of the Association

of Fire Underwriters of the District, held yesterday afternoon in the rooms of the board of trade, the following officers were re-elected without opposition: President, John B. Wight; vice president, Henry K. Simpson; secretary and treasurer, Dr. W. P. Young. Lee D. Latimer was elected a member of the rating committee.

Mr. Wight accepted his re-election with a few remarks, and spoke of the degree of prosperity which has attended the association and its high standing among similar associations in the east. He mentioned the valuable services of Dr. Young, the secretary, and his assistant, Mr. Allen. Mr. Wight recommended that some competent person be appointed by the association as an adjuster, in order that there might be no delay in the prompt settlement of all fire losses. His recommendation was referred to the executive committee, with instructions to nominate a sultable man for

New quarters will be secured by the executive committee, as the association has outgrown its, present rooms. A resolution was adopted that no license as solicitor be issued without investigation and the recommendation of the executive committee, in order to confine the list of licensed brokers to such only as are engaged in the insurance business.

The matter of the construction of the overhead electric system was brought to the notice of the association by President J. W. Somerville, who stated that the poles had been erected by the Potomac Power and Light Company to 14th street and Kenesaw avenue, referring to the action of the Columbia Heights Association of the previous evening as reported in vesthe previous evening, as reported in yes-terday's Star. Mr. Somerville explained that he had no charges to make in the matter, but, nevertheless, he believed that the whole matter should be investigated by Congress. Whatever else might be said, it was certain, he thought, that unless something was at once done to arrest the purpose of the Potomac company, the vil-lege of Mt. Pleasant and the section would soon he a veritable forest of electric light soon be a veritable forest of electric light poles and wires. He was authorized to state, he remarked, that the United States Electric Light Company stood ready and willing to lay an underground electric system from Florida avenue and 14th street up the latter street to Whitney avenue, or further. He could see no reason for having an overhead system, admitted to be a nuisance and a menace to life, when the underground system could be had. He sug-

Finally, the suggestions of President Som rinally, the suggestions of Fresident Som-erville were unanimously adopted, and, at the suggestion of Mr. Chapin Brown, it was decided to send three delegates from the association to form, with an equal number of delegates from the respective suburban associations, a central executive committee, to which the metter of electric release to which the matter of electric poles and wires should be referred, and also the mat-ter of the extension of the city limits.

in a city district. There was too much red tape and consequent delay now existing because the section was dependent upon a trustee living in Anacostia. The section should have a white trustee, and Judge Campbell thought that when the number of school trustees was increased, Mr. W. L. Cole, the choice of the section, would be appointed. The matter and that of the proposed changing of the name of the village school from Johnson to Mount Pleasant was referred to the school committee of the

Columbia Commandery Wins the Prise for the Best Ritual and Record Work. The officers of Potomac Commandery, Order of the Golden Cross, were installed Tuesday evening by Grand Commander O. B. Hallam, assisted by Past Grand Commander Waldo G. Perry and Grand Herald C. G. Harrison, as follows: Noble commander Miss Lillian E. Yates; vice noble commander, Mrs. Lelia A. Garnier; worthy prelate, Frank B. Holden; keeper of records R. W. Burnside; financial keeper of records, Edgar S. Ashford; worthy herald, Wm. H. Smoot; warder, inner gate, Miss Mollie W. Balster; warder, outer gate, Richard Sweeney; past noble commander, Miss Edith B. Ashford.

The name of the commandery entitled to receive the prize for the best rendition of the ritual and record work was announced by the grand commander. He gave a brief description of the work of the com-manderies during the late grand visitations, and closed by stating that Columbia Commandery received the highest rating— 99 out of a possible 100. The announcement was received with applause. Noble Com-mander Edwin J. Mt. Pleasant Citizens Association Disougses Electric Wires.

Favored-Other Business.

Following the example of its sister organization, the Mt. Pleasant Citizens' Association, at its regular monthly meeting last evening, placed itself on record as strenuously opposing the contemplated erection of overhead poles and wires in the village and section for the purpose of electric lighting, or, indeed, for any other purpose. The association also declared that the city limits should be so enlarged as to embrace the village and outlying suburban districts, where they are regularly subdivided and otherwise possess the character of city districts.

gested that the secretary of the association be directed to communicate with the Dis-trict Commissioners, informing them that the association is opposed to the overhead system, and praying that the wires be placed underground.

A general discussion followed the remarks of President Somerville, in which it appeared that his views and recommendations were those of the association. Mr. Raby said that Mt. Pleasant is really part of the city, paying the same rate of taxes, and is entitled, he believed, to the same protection against overhead poles and wires that is given to the city by Congress. Mr. Chatileld expressed the same views, and thought that it is time that the city limits should be enlarged so as to embrace the village. Mr. Frye was in favor of making the whole District the city of Washington, and Mr. Watson thought that an organized effort should now be made by the respective suburban associations in that direction.

Other Business. A communication from the Mt. Pleasant Volunteer Firemen's Association was read by Secretary Exley, in which the effects

and building of the association were presented unconditionally to the Citizens' Association. The gift was accepted, and a vote of thanks was, upon the motion of Mr. L. S. Emery, adopted, and the president was directed to appoint a committee of three to take charge of the house and effects. Dr. Baker gave notice of a motion moved that in the proposed redistricting of the school districts Mt. Pleasant be placed

To Increase the Naval Force.

Senator Hale has reported from the committee on naval affairs on original bill authorizing the enlistment of additional men. The bill was prepared at the Navy Department, and was sent to the naval committee with a letter from Secretary Herbert giving the department's reason for desiring the legislation.

The committee on education organized

today and appointed subcommittees. The Pension Bill.

The subcommittee of the House appropriations committee having charge of the pension bill has decided to increase the amount for the next fiscal year from \$138,-000,000 to \$140,000,000. The last sum was that asked for by Commissioner Lochren in his estimates, but in its first draft of the bill it was reduced by \$2,000,000. Some of the most influential republicans, both committeemen and other members, thought that Congress should not put itself on record as allowing less money for pensions than the commissioner thought was needed,

so the bill was raised to the original estimates. Nicaragua Canal Question.

Chairman Hepburn of the committee on interstate and foreign commerce will appoint a special subcommittee to take charge of the Nicaragua canal question. The committee will wait, however, until the President sends to Congress the report of the special canal commission before it reaches any decision upon a bill.

Clerks and Messengers.

Chairman Cannon of the appropriations committee has reappointed Mr. J. C. Courts as clerk of the committee, Mr. J. D. Cremer, assistant clerk and K. F. Rea as messenger. With this Congress Mr. Courts will have served twenty years with the committe, Mr. Cremer ten years and Mr. Rea six years.

Committee on Commerce.

We now roast our own coffee

it-a man with an experience in

roasting which dates back 25 years. The prope way of roasting coffee is in its dry state. Water, if thrown upon the bean, swells it and makes it heavier, but robs it of its aroma. We want to get the reputation of selling the finest coffee to be had. We are getting it rapidly. A new granulator, A new pulverizer,

have recently been added, and we are now about the only store in town who can

prepare coffee to your liking-pulverizing it perfectly if you wish it. We shall be roasting ail day Friday-shall be glad to show you through.

We ask every patron to try a cup of our coffee. We have fitted up a tea and coffee counter, put a young lady in charge, who will be glad to serve you. Our specialties are 38c Mandheling Java & Mocha, 35c. Java and Mocha,
